<b>Tools Required</b>		
(tools not included in delivery)		
underlay, scissors, kitchen roll, spatula, measuring cup, mixing bowl, sponge, cloth, (disposable) gloves		

## **Basic Instructions Mosaic**

1. If needed, mark the mosaic area with a pencil on the pad.
2. Fix the mosaic stones to the base with adhesive.
3. Allow glue to dry overnight.
4. Mix joint compound with water according to product instructions.
5. Use (disposable) gloves to spread joint compound over the mosaic surface.
6. After approx. 15 minutes, remove excess grout with a sponge.
7. Repeat this process several times.
8. Let joint compound dry overnight.
9. Polish the mosaic surface with a dry cloth.

*Have fun creating and enjoy!
