Wood Glue

Scissors

All-Purpose
Glue

Square

Please note:

The OPITEC handcraft packs are not toys in a typical off-the-shelf sense, but rather additional teaching and learning material for educational purposes. This craft pack may only be constructed by children and adolescents under the guidance and supervision of experienced adults. Not suitable for children under 36 months. Choking hazard!

Stocklist	Quantity	Size (mm)	Description	Part-Nr.
Wooden Disc	1	ø 50	Cover	1
Aluminium Round Plate	1	ø 50	Tip	2
Wooden Dowel	1	ø6 x 30	Propulsion	3

1. Draw, cut and paint a template or your own pattern onto the pre-printed form and glue it averaged to the wooden disc subsequently.

2. Glue the wooden dowels (6) perpendicular into the drilled wooden disc (1). Let the glue dry thoroughly. Caution! The dowel has to be glued exactly perpendicular! Check with a square!

3. Glue the wooden disc with dowel averaged onto the aluminium round plate (4) by using all-purpose glue. The tip of the aluminium round plate has to point downwards! Let the glue dry thoroughly.

4. Done!
