

Technical Information

AUTOSOL® Industrial Cleaner A99

Product information

The extremely strong cleaning power of the alkaline cleaning concentrate is especially designed to meet the high demands of professional users. All kinds of dirt, grease, and oil, including insect remains, are dissolved in the shortest possible time. Can be used on all alkali-resistant surfaces. Suitable for all water hardnesses and water treatment plants (may require pH adjustment).

Areas of application

- Removal of burnt-in, grease, oil, sugar and protein soiling
- Car pre-cleaning in car wash tunnels and roll overs
- Truck chassis cleaning
- Cleaning of construction vehicles and tanker trucks
- Engine and aggregate cleaning
- Aqueous part degreasing
- Workshop cleaning
- Asphalt and tar stain removal
- among other things

Application

- Dosatron dosing device or as chemical prewash in washing systems: Connect undiluted to the dosing pump and set dosing pump to optimum effect.
- Low-pressure spray process: 1:50 to 1:100 prediluted spray onto pre-wetted surface
- HP device: Pre-dilute 1:20 to 1:50 in the chemical tank and adjust the chemical dosage to optimum effect
- For asphalt and oil spills: 1:5 to 1:20
- For burnt-in soiling: 1:5 to 1:1

Note

Before use, test for material compatibility in an inconspicuous place. Do not use on hot surfaces or in direct sunlight. If necessary, cool hot surfaces with cold water. Do not allow the product to dry on.

Technical Data

Form: liquid
Colour: brown
Odour: characteristic
